# We Help Linguistic Communication

Language Services Provider  
for Businesses and Freelancers

# Services

- Translations into 40 languages
- Multilingual location/layout of any document
- Interpreting
- Training courses for businesses

Translators and revisions are handled by native speakers selected according to their specific fields of expertise.

Documents are translated with the aid of advanced computer assisted translation (CAT) tools to ensure the consistency of terminology and text hotfixing.

### We translate:

- websites
- software
- tenders
- instruction manuals
- brochures and leaflets
- books and multimedia
- contracts and legal material
- medical documents

**Translations into 40 Languages  
Over 300 Language Combinations**

# Multilingual Location/Layout

Location means adapting the translation of business material to the technical, cultural and linguistic diversity of its markets.

Text and images in the original digital/hard copy document are reproduced and respected in the translated document through the use of appropriate layout and graphic (Desktop Publishing) programs such as:

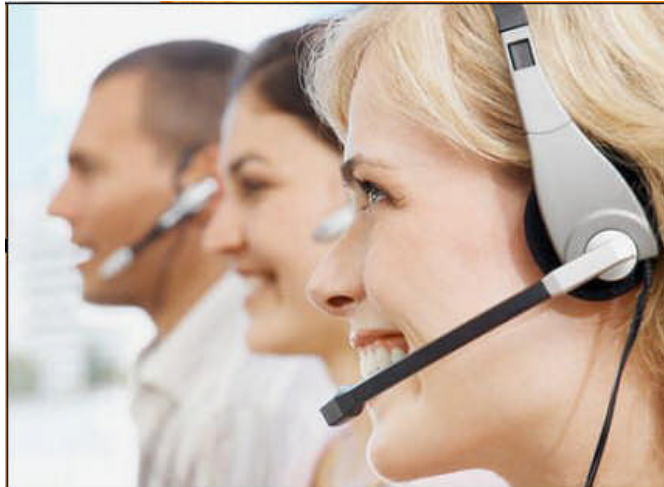

- QuarkXpress
- InDesign
- PageMaker
- FrameMaker
- Photoshop
- Illustrator
- FreeHand

# Interpreting

A professional interpreter contributes to the success of a business negotiation, an important meeting or an international conference.

With an efficient interpreting service, communication between parties is smooth and secure, leaving no room for misunderstanding.

**We offer 4 types of interpreting:**

## **Negotiation**

For successful business negotiations

## **Simultaneous**

Takes place in real time inside soundproof booths

## **Consecutive**

Takes place next to the speaker: the interpreter listens to the speech and translates sections

## **Chuchotage**

Consists of a translation whispered into the ear of a listener

# Intensive Training Courses

Intensive Training Courses in  
the main European and  
Asian languages for  
businesses

Live or online (e-learning)  
lessons led by native  
language teachers with the  
help of practical teaching  
tools

# OUR CLIENTS
